

New service!

Online psychological and psychosocial counselling services

The Réseau Santé en français au Nunavut (RÉSEFAN) has implemented a collaborative arrangement to ensure that Francophones can access private sector psychotherapy and psychosocial counselling services via the Internet.

RÉSEFAN's partners are *Familio* and *The Montréal Therapy Centre*

- Meetings available by videoconference
- Individual and couple therapy
- Interdisciplinary support services for youth and families
- Psychosocial appointments
- French-speaking professionals who can provide services in Nunavut
